Independent Auditors' Report

To the Board of Trustees of Arab Thought Forum

Report on the financial statements

We have audited the accompanying financial statements of the Arab Thought Forum (ATF) which comprise the balance sheet as at December 31, 2010 and the statement of activities and changes in net assets and cash flow statements for the year then ended and a summary of significant accounting policies and other explanatory notes. The financial statements for the year ended December 31, 2009 were audited by other auditors whose report dated June 9, 2010 expressed an unqualified opinion on these financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Arab Thought Forum as of December 31, 2010 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Sa'adi, Orfaly, Daher - PricewaterhouseCoopers

Jerusalem, April 12, 2011.

ARAB THOUGHT FORUM

Financial Statements for the year ended December 31, 2010

NOTES TO THE FINANCIAL STATEMENTS

(all amounts in USD)

1. GENERAL

Arab Thought Forum (ATF) was established in Jerusalem in 1977 as an independent institution, not affiliated with any government, political party or organization, and dedicated to development, education, research and analysis.

On October 28, 1983, ATF was legally registered as a not for profit organization under registration number 58-000-769-8 in accordance with the applicable law in Jerusalem. On August 21, 1997, ATF was legally registered in Palestine with the Palestinian Ministry of Interior under registration number 1019R.

2. BASIS OF PREPARATION

The financial statements are prepared in accordance with International Financial Reporting Standards under the Historical Cost convention for not for profit Organizations.

The financial statements have been presented in U.S. Dollars which is the functional currency of ATF.

Following is a summary of the ATF significant accounting policies:

a) **Fixed assets**

Fixed assets are stated at cost net of accumulated depreciation. Depreciation is computed using the straight – line method over the estimated useful lives of these assets bases on the following annual percentage rates:

Office furniture	6%
Office equipment	7%-33%
Vehicles	15%
Library	10%

b) **Impairment of assets**

The carrying values of the assets are reviewed for impairment when events or changes in circumstances indicate that the carrying values may not be recoverable. If any such indications exists and when the carrying values exceeds the estimated recoverable amounts the values of the assets are decreased to the recoverable amount, and the difference is recognized in the statement of activities.

NOTES TO THE FINANCIAL STATEMENTS

(all amounts in USD)

c) Net assets

Net Assets of ATF and the changes therein are classified and reported as follows:

- Unrestricted net assets – Net assets whose use by the centre, not subject to donor-imposed restrictions.
- Temporarily restricted net assets – Net assets whose use by the centre is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and released by actions of the center pursuant to those donor-imposed stipulations.

d) Revenue

Revenue is recognized when contributions and/or donations are received or when services are performed. Contributions are recorded as either temporarily or permanently restricted if they are received with donor stipulation that limits the use of donation. When donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Contributions and/or donations that are not restricted for a specific purpose or time are reported in the statements of activities when received.

e) Expenses recognition

Expenses are recognized when incurred based on the accrual basis of accounting.

f) Translation of foreign currencies

The accompanying financial statements are denominated in the U.S.Dollars. Translations denominated in foreign currency during the years were translated according to prevailing rates at the time the transaction took place. Monetary assets and liabilities denominated in foreign currencies are translated into U.S. Dollars by applying the exchange rates prevailing at the reporting date. Exchange gains or losses arising from the above transactions are reflected in the statement of activities. Exchange rates as of the financial statements dates are as follows:

	<u>December 2010</u>	<u>December 2009</u>
U.S. Dollar	3.549	3.775

g) Severance pay

Benefits payable to the employees of the ATF at the end of their services are provided for in accordance with the guidelines set by the local labor laws.

h) Statement of Functional Expenses

The ATF provides information about its expenses by functional classification, as further detailed in Note (9) to the financial statements.

i) Accounts payable and accruals

Liabilities are recognized for amounts to be paid in the future for goods and services received whether billed by the supplier or not.

j) Income taxes

ATF is a not for profit organization; accordingly, it is not subject to income tax.

ARAB THOUGHT FORUM

Financial Statements for the year ended December 31, 2010

NOTES TO THE FINANCIAL STATEMENTS

(all amounts in USD)

k) Available for sale investments

Available for sale investments are those non-derivative financial assets that are designated as available for sale or are not classified in any other financial assets categories. After initial measurement, available for sale financial assets are measured at fair value with unrealized gains or losses being recognized directly within net assets. When the investment is disposed of, the cumulative gain or loss previously recorded in net assets is recognized in the statement of activities and changes in net assets. Interest earned or paid on the investment is reported as interest income or expenses using the effective interest rate. Dividends earned on investments are recognized in the statement of activities and changes in net assets when the right of payment has been established.

l) Contributions receivable

Contributions receivable are stated at the original amount of the contribution less amounts received and any uncollectible amounts. An estimate for the uncollectible amount is made when the collection of the full amount of the contribution is no longer probable.

m) Risk Management

m.1. Credit Risk

ATF faces credit risk, which is defined as the risk that creditors will cause a financial loss to ATF by failing to discharge their obligations. Analysis of this risk is presented in the following section by quality of credit.

Fully performing assets:

Fully performing assets comprise of assets that are neither past due nor impaired. None of the following fully performing assets were a result of renegotiation with creditors.

	Carrying amount	Collateral held	Credit Quality
Cash and cash equivalents	146,306	None	High
Contributions receivable	178,000	None	High
Other current assets	4,182	None	High

m.2. Liquidity Risk

Liquidity risk is defined as the risk that ATF will encounter difficulty in meeting obligations associated with financial liabilities. The schedule below presents expected cash outflow resulting from financial liabilities broken down by time brackets:

	Expected timing of cash outflow				BS amount
	0-6 Months	7M-1Year	1-2 years	More than 2 years	
Payables and accruals	59,530	0	0	0	59,530

NOTES TO THE FINANCIAL STATEMENTS

(all amounts in USD)

ATF manages its liquidity risk by managing its cash periodically. Moreover, ATF encounters a liquidity difficulty due to the shortage of liquid assets. ATF's management is continuing efforts to seek adequate cash balances from its donors.

m.3. Market risk

The main market risk, which is defined as the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market prices, is currency risk, which is defined as the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

ATF maintains its major assets and liabilities in U.S. Dollars. In addition, ATF's major contribution revenues are collected in U.S. Dollars and most of its expenditures are paid in U.S. Dollars. Therefore, ATF's management expects that fluctuations in foreign currencies have no material effect on the result of activities.

m.4. Concentration of risk in geographic area

ATF is carrying out its activities in Palestine. The political and economical situation in the area increases the risk of carrying out the activities and might adversely affect ATF's performance.

11. FAIR VALUES OF FINANCIAL INSTRUMENTS

Financial instruments comprise financial assets and financial liabilities. Financial assets consist of contributions receivable, available for sale investments, other current assets and cash equivalents. Financial liabilities consist of accounts payables and accruals.

The fair values of financial instruments are not materially different from their carrying values.
